

Worship and ministry:

- We are in a system that wants to kill us and like in the days of Daniel we are confronted with a system and an image that wants to forcefully establish itself before you and wants you to bow before it and worship it
- Many people are in an environment that wants them to bow before it and if you do not want to bow before it they want to put you in the fire
- If we engage with the Holy God, we bring ourselves in the realm of fire because He is fire
- The fire transforms and transfigures you
- No false fire of this world can kill you or intimidate you
- When you engage with the Holy God you come back to your roots as beings of fire
- Like Father like a son and therefore the scripture says that the fire will not burn you
- God is bringing us into an engagement where YHWH wants to overshadow you with fire so that you can handle the fire
- The fire below will not harm you because you have already walked through the fire
- We are all in a system that wants to dictate to us and it is not easy
- Step into the realm of fire and let His fire overshadow you

Word:

- As a church we need to mature in our sonship
- YHWH has given us the power to observe and what you see you become
- We are always looking for steps because of our linear thinking and upbringing but in God's world it is circular
- YHWH is power and He is energy that flows and that is a wheel within a wheel
- God wants us to take hold of the movement that is busy happening
- When you hear you will see and then you will begin to speak and it becomes a movement, a power
- In the speaking you hear more and in the hearing, you see more
- God wants you to administrate what you hear and what you see
- One of the functions as a priest is to administrate and mediate everything that you see and what you hear
- What you see and hear you need to administrate with your mouth
- Administrate it into your day
- Command and govern your day
- Do not take one engagement for granted, administrate it and bring it down
- God wants to intervene in our lives
- Your life with God is every day not just on a Sunday
- Learn to engage with Him every day
- What you speak you begin to form
- Your mouth is to create – Life and death are in the power of the tongue
- Ezekiel saw the dry bones and as he walked among the bones he heard and then God said to him speak
- Everything in this world wants to bring you down and the moment that you speak that negativity you form it in your life
- It is never too late to untangle the past because with God all things are possible
- You need to understand that a new and a living way has opened up for you so that you can go up and engage, see, hear and speak so that new heaven and earth can be formed according to Isaiah 51

- The earth we have is a result of what we engaged with in the past under the sun but you can recreate your earth
- You can either stay in that realm or you can bring heaven down to your earth
- Something becomes a reality when you touch and see it even when you see it in the heavens because faith is the substance of things hoped for the reality of things unseen
- Your biggest fight is to stop wrestling with your adversary and your situation, engage with YHWH
- God is in the changing business
- Everything must be done through faith and faith is not engaged within this realm but in the eternal realm

1 Timothy 6:12 AMPC

Fight the good fight of the faith; lay hold of the eternal life to which you were summoned and [for which] you confessed the good confession [of faith] before many witnesses.

- When a king summons you, you better go – you do not have a choice
- When you want to fight your circumstances, you shift your attention from YHWH to the problems
- When you shift your engagement and you understand your position you begin to engage with faith
- If you can take hold of something you have the power to administrate it in your life
- You can govern your day differently
- Do not give the devil more recognition than he deserves
- Your greatest success in warfare is not in fighting the devil but it is in taking hold of the good fight of faith
- Engage with God and He will reveal to you what you need to do and administrate
- When God says it is done, it is done – sometimes it takes a day or a month or even a year but it is done
- Touch YHWH, touch faith
- God wants to mature our sonship
- Get into the good fight of faith
