
DUNAMIS INTERNATIONAL FAMILY CHURCH

THEME: GOD IS RAISING UP A GENERATION OF KINGDOM MEN & WOMEN

26 April 2009 – Morning Service 1

Pastor Wentzel du Plessis

- We need to take the Kingdom by force
- Church accommodates people, but Kingdom accommodates God
- People that will be unstoppable or unshakable
- We will not be shaken anymore
- Our Senior Pastors are becoming unshakable and unstoppable
- What is being released from this pulpit is amazing and life, it is heaven technology that will bring you from one breakthrough to the next
- We need to be very careful, not to rely on their strength
- What they release, we need to take up responsibility for it
- There is a time where we need to come to a place where that which is released, I will take up responsibility for it
- What happens to you in your inner room, is more important, that is the place that will make you or break you
- Many times we don't take up responsibility for that which is being released and if we don't take it, it will not work on our behalf
- Breakthroughs are not going to come automatically
- Our Senior Pastors take up responsibility for that which God releases
- Don't take advantage for that which God is releasing
- We need to take up responsibility for that which God is releasing in us
- Say to God that you will take up responsibility for that which God is releasing, until you see the breakthrough
- We are taking up responsibility for Kingdom men and women
- God is going to do amazing things, but we need to take up responsibility
- God does not want us to be stuck in religion, but in God's Kingdom

Kingdom Concepts:

1. Jesus came to give us the Kingdom and to reveal to us its priceless value and worth

- Jesus knew that the first man had the kingdom, dominion and rulership, but because of his sin, he lost it all
- Adam was walking as a king over the earth, he had dominion
- In the Kingdom, you begin to know who you are
- You begin to understand your purpose and assignment
- You need take hold of that which is unshakable

Matthew 4:17

Luke 9:10

Luke 12:32

- If we know what we have, it will change our entire lives
- We don't have to represent the church or ourselves
- We need to know the kingdom

Matthew 13:45-46

- Kingdom of God is like finding treasure
- Don't hold onto your own plans. You don't need plan a or b
- If you know what God has given you, you will stop focusing on what you have, but on that which God wants
- Jesus came to give us heaven
- Jesus always referred to the Kingdom and not himself
- He said that He is the door to the Father

- We must begin to show people the Kingdom and we will see that there will not be a place big enough to contain it

2. He challenged our priority and our relationship to the King and the Kingdom

Matthew 6:31

- Do not worry about the gentiles or what you are going to eat or drink, Seek first the Kingdom of God and all these things will be added unto you
- We need to renounce worry over our lives, it will distract you and God cannot use you when you are filled with worry
- To seek is to study, to explore, to understand
- Coming to church on Sunday's does not make you a seeker
- God is challenging our priority
- We need to seek God and to run after Him
- The Kingdom of God is not cheap
- Go for the hard run, example the comrades and you will reap the reward
- God can only become giver in your life, when you become a seeker
- Priorities you choose, determines the quality of your life and dictates all your actions and behaviours

3. He gave us the keys of the Kingdom

Matthew 16:19

- Whatever you bind on earth will be bound on earth, whatever you loose in heaven will be loosed on earth
- A key gives you authority and an open door
- The kingdom works on laws and principles

Matthew 13:11

- The kingdom runs by its own economy, but we need lock into them. We need to our keys given to us
- The keys are not limited by our circumstances and limitations. It works on the laws and principles of heaven and not that of man
- Every Sunday we receive the keys of heaven
- We need to make use of these keys and open the doors that need to be opened and lock doors that need to be locked

2 Corinthians 10:3

- He knew how to confront obstacles and situations

4. He wants us to embody the Kingdom

- We need to carry it, manifest it and present it
- Gone are the days when we tell people to follow Jesus
- We need to tell people to follow me the way I follow Jesus
- Therefore, our lives need to be according to the standard of the Kingdom and God
- A Kingdom person knows what they carry
- Senior Pastor carries what he believes and he has that confidence

Matthew 6:33

- Righteousness means to be in right standing and alignment with that which you have found
- The moment you find the Kingdom, you need to get onto the frequency with that which you have found
- God gives us so much, but we take up responsibility for so much
- It is better for us to become committed

Luke 22:29

- God is serious about us embodying the kingdom
- Jesus confers it to us the way His father conferred it to him
- Jesus embodied the Kingdom accurately
- What SP couple says, they embody
- When we seek and we find, then we need to align and obey to that which we find, if not, we become vulnerable to deception
- There are many Christians who are double minded and this is because they did not act on that which they heard immediately. This leaves a gap for the enemy to bring in deception

5. He chose us to advance the Kingdom

- When Adam missed it, God went down and visited Abraham. God told him that he will colonize heaven here on earth
- Colonization is to represent a kingdom on a new piece of land, in a different geographical area
- The way things get done back home, is the way it will be done in the area they have colonised
- Jesus came as a man without sin. He came to establish Kingdom here on earth
- God said to Joshua that every place he puts his foot, God will give it to him
- It is now time to take over

Matthew 10:7

- When you use yeast in flour, it increases
- When people see heaven, they will not fight it
- We need to advance the Kingdom

Matthew 13:33, 37**In Closing**

- This is going to be our greatest year
- We need to take hold of what God is releasing
- It is time to represent the Kingdom of heaven
- People will not say no, except the Pharisees
- We need to advance the Kingdom forcefully and more aggressive than ever before
