## DUNAMIS INTERNATIONAL FAMILY CHURCH

---

### THEME: IT'S TIME FOR US TO THINK AND MOVE ON

31 May 2009 – Morning Service 1

Pastor Wentzel du Plessis

---

- It's time for us to think and act brand new
- God is doing a new thing
- We must realize that we can not think like we did in the desert
- You can not have the same fights than in the desert
- In the desert you survive and struggle to make it every day
- In the promised land you fight to overcome, take over, to push back
- This church has moved on
- The Senior pastor couple is no longer in the desert place, they have moved forward
- They have stepped into a place of promise
- We must step into a place of promise
- It is time for us to prepare ourselves
- When God puts you into His will you have to begin to think and adapt to the new environment
- You are no longer in the desert place
- Stop interpreting where you are wrongly
- Start realizing where you have placed your feet in the promised land
- Begin to see yourself in that place of promise where you've crossed over
- Begin to see yourself new, unstoppable, unshakable, taking over person
- **You will have to shake off the desert mentality**
- You might still feel like you are in the desert but you must shake that mentality
- The presence of God has moved on
- This house must move on and understand that we must move to where God is
- Change your thinking and the way you speak
- It is important to come into agreement with what God is saying
- It's time for us to move on
- Even if you can still see the desert place across, you must know that you are in a new environment
- You have treat your feet in a new realm, area, climate even if you can still smell and see the desert
- In a place of promise
- There is a journey before us and things we are not prepared for
- God has set us here so that we can be ready and overcome
- Step deeper into the promises that God has for us
- Possess and take what God has for us
- See yourself accurately
- See yourself at the right place at the right time
- Shake off the desert mentality
- No longer be poor in spirit
- Step into the promise
- See it before you, see the journey before you
- We have heard the word of God and God has translated us into this new world
- We must adapt quickly
- Change your mind and begin to think like a champion
- Clothe yourself with championship, with a victorious spirit
- You don't face giants with a desert mentality
- You face giants with a dominion spirit within you and with a unshakable, unstoppable spirit
- We must realize who we are
- We are in a new land with a new climate
- We fight now to take over

- God is putting upon you a fearless spirit
- God wants to give you another name
- Stop carrying a 'survival' name or 'I hope I make it' or 'failure' or 'fear' or 'lack' or 'weak' name
- Allow God to remove that name from you today
- Senior pastor's new name in the spirit is 'I am unstoppable'
- You will have to allow God to bring you aside, put you in His new world and give you a new name
- You can not do what you have to do with your old name
- Shake the old, take on the new
- Become fearless
- We are champions and we must live, act and talk that way
- God must name us by His name
- When David faced the giant, he did it with a new name
- The others still held on to their old name, they held on to fear, that was their name 'can not'
- Live up to your new environment
- If you are in the promised land and the giant confronts you, you will be weak if you have not adapted to the new

### **Joshua 1:1, 5, 7, 8, 9**

- You must begin to align yourself to the reality that you are part of a champion breed, an elite group
- Cultivate a winning streak
- **God will give His word and the way He sees you to you but you have to cultivate that mindset and environment**
- Prepare yourself as a taking over individual

### **Joshua 3:5**

- God wants us to separate, consecrate ourselves
- It is up to us to prepare ourselves, to cultivate an environment to get that what God released to us
- We must take it up
- God will take us there, He will not force the change on us
- In this house God releases to us
- God will supply and release to us but it is up to us to take it
- You are victorious, a champion, unshakable, unstoppable
- You have to set preparation aside and take it, make who God is naming you your own
- Christians still want to hear a lot but not take up what God is saying
- You will have to hear the word until it hits you in such a way that you can not but believe
- You will have to process it and meditate on it until it takes hold of your mind and your spirit
- Until you step into the promise and you take it, say enough is enough
- Many people don't really want to be healed
- When Jesus confronted the lame man, He said to him rise up, take up your bed and walk..
- Desert life can make you numb and you can become comfortable with that
- Suddenly God says "Cross over, take over" here's My word, here's My grace, suddenly God is saying take up your bed, work, walk, believe Me, take over, become unshakable, fight, conquer, engage, for many Christians that is threatening because you have been used to a certain way for all your desert life
- When you can walk, begging won't help you anymore
- Many of us live paralyzed Christian lives
- We hear the word week after week but we remain beggars
- We must say to God that we are not going to live our lives the way we have been
- We must no longer just be dreamers
- You have tread your feet onto a new place
- At this very moment you are Unstoppable!
- Some of us struggle to start speaking this new language because we are used to the murmuring
- Unless you begin to release this new world, it will not become real to you

- God has said to us separate yourselves, prepare, change your mindset, you are a champion

**For you to cultivate a champion spirit, a new mindset, you have to do the following:**

### **1. Approach God accurately in this relationship**

#### **Hebrews 4:16**

- *"..therefore let us come **BOLDLY..**"*
- We must approach God accurately
- Don't approach God as a weakling (sinner, worm, failure)
- Never approach God with all your nonsense
- When you come to the throne of God, you don't approach Him with your issues
- Approach the cross with your issues
- Approach the throne at your best and with boldness/confidence
- God does not respond to us when we 'SOS' every day
- When David's whole camp was torn down, he did not approach God immediately, he first praised God and changed his environment by moving into a frequency above his circumstances
- When you leave the house negative, your whole day will be a problem
- We are used to the superficial approaches of God that we never hear what He wants to do for us
- Even in your impossible situation, what is God saying? God is the God of the impossible
- We have great weapons
- You have the weapon of praise of thanksgiving of speaking in tongues
- God has given us the ability to step into the impossible
- **When your flesh wants to get you down, start praising and aligning yourself to God**

**Ephesians 5:18 & 19** – do not get drunk..

- When you realize what weapons you have, you will be translated from this world's frequency to God's world's frequency

### **1 Corinthians 14:4**

**Jude 1:20..** Stir up your faith

- Learn to get into God's frequency and stir it up
- Take the book of Psalms and begin to praise God and sing it to God
- A confidence will come over you, not a self confidence but a God confidence
- You will know that God has taken hold of you
- You will be able to approach God with confidence, with faith, with boldness
- When the spirit dimension is alive in you and you are on God's frequency, you can go to God and state your case
- When God can relate with you, He will answer and respond to you

### **1 Timothy 4:7**

- Learn to exercise yourself so that you can come onto God's frequency
- You don't approach God with doubt, unbelief and man made fear
- You get yourself to that place by encouraging yourself in the Lord through allowing the word of God to cleanse you
- When you have hidden things in your life, it will keep you from approaching God, you will be frustrated and reach a ceiling in your relationship with God

### **1 John 1:9**

- God will forgive us and cleanse us if we confess the sin in our lives
- Keep pressing in until you come to the place where you can come before God
- You don't approach the King of the Universe as a 'loser' but as a son, a champion
- Deep speaks unto deep

- Prepare yourself and open your heart
- When you come before God like that, God will respond to you
- When David encouraged himself in the Lord, he came on God's frequency
- Be ready to hear when the word of the Lord comes to you
- When the word of the Lord comes to you, you have to be ready to receive it
- When you lose things in life, don't allow that loss to bring doubt in you
- Allow only God's voice to influence you
- Be on a faith frequency
- Learn to walk in prophecy
- In the book of Proverbs it says that life and death is in the power of the tongue
- Don't confess negatively when you face a negative situation
- Change your environment, don't walk out of your house negatively
- God has given us the keys to get into His presence, use it
- When that confidence is there in the Lord, then you can begin to approach God
- Take the prophecies that have been released over your life and speak it, believe it

## **2. Plan and prepare and let God in on it**

### **Proverbs 60:9**

- You can make plans but make sure that God directs your plans
- You need to let God come in to your planning
- Senior Pastor has a pattern, there are three things always on his desk
  - Bible
  - Diary
  - Planning/responsibilities
- When you take up this pattern, you will be ready for each day
- If you fail to plan, you plan to fail
- You must learn to become a person that plans and prepares every day
- You've stepped into a new world/life with God, plan and align accordingly
- When you plan properly, these things will begin to happen,
  - You will maximize your productivity
  - You will maximize your capacity
- When you start to plan, you will begin to realize how great your capacity can be
- Men must learn to plan properly
- **What you don't schedule won't happen**
- When you schedule accurately, there is connection and companionship
- When you plan properly, you will be more effective
- You can do much in the Kingdom of God when you realize you must plan
- The Kingdom and God must be priority no.1 on your schedule

## **3. Take up responsibility for what you hear and implement it**

### **James 1:22**

- Christians greatest problems is that they don't do what God says
- Because they don't do and implement, they won't see the success of it
- If you don't implement, you create a vacuum that the demonic spirits can begin to operate in that vacuum
- When the enemy steps into that vacuum, he will paralyze you and numb you
- When you are numb, you will never enjoy the active power of God in your life
- The scripture is clear that we must take up responsibility for the word
- The word says we must implement the word of God
- Then we become fruitful, productive and influential
- A champion implements, acts, does, engages
- When the moment comes, a champion wins the prize
- Being in a place of promise, it is important to act immediately

#### **4. Connect with leadership**

##### **Deuteronomy 34:9**

- You will receive impartation of wisdom

##### **Ephesians 4:12** The five fold ministry is there

- Leadership in your life is important because you need to be coached
- When you don't allow yourself to become connected, you will lose your breakthrough even if you were on the brink of that breakthrough
- We have truly crossed over, we are out of the desert place
- We have stepped into the place of promise
- We must cultivate a mindset to be successful in this new place
- Upon us is a spirit of multiplication and to be unstoppable and unshakable
